

Have a 2007 or newer Cat® or Cummins® engine? Experiencing frequent regeneration? **LOSING POWER?**

It might be time for your *Diesel Particulate Filter* to get cleaned!

Diesel Particulate Filter Cleaner

With this DPF filter cleaner we are able to clean your filter in a matter of hours. **We have 13 service locations in Florida** with 24 hour parts expedited trucks that can get your filter to our cleaning location and back in a minimum amount of time. See your Ring Power Truck Shop Service Manager today for more details.

RINGPOWER.COM/TPS

Diesel Particulate Filter Cleaner

Let Ring Power KEEP YOUR DPF CLEAN

Cat® or Cummins® engines.

Avoid replacement costs.

Maximize performance.

Expert service.

Most engine OEM's recommend maintenance and cleaning of your DPF filter between approximately 120,000-250,000 miles, less for severe service applications. A new DPF costs between \$3,000-\$8,000. Regular cleaning helps extend the life of your filter.

Caterpillar	
C-15, C-13	250,000 miles for on highway truck application.
C-9, C-7	150,000 miles for on highway truck application.
80,000 miles for severe service application.	
Cummins	
ISB, ISC, ISM, ISX	200,000 miles

Special Offer from **CATERPILLAR®**
